

How to Register for Events

There are several ways to get to the Events Calendar.

From the National Home page click on the box in the left-hand panel under “Check for your local chapter events:” A drop-down box will open, and you can pick your chapter. It will take you directly to the Events listings.

From the NYC home page click on the Events listing in the left-hand panel or on the words in center section.

The Events Calendar lists all events for the chapter plus some sponsored by other organizations with whom we have a partnership.
