

Vision

To be the premier national organization for women over 50 in transition.

Mission Statement

The Transition Network is an inclusive community of professional women, 50 and forward, whose changing life situations lead them to seek new connections, resources and opportunities. Through small group interactions, programs and workshops, members inspire and support each other to continue a life of learning, engagement and leadership in the world. As a national organization, The Transition Network is a voice for women who continue to change the rules.

Core Values

We foster opportunities to bring women together in mutually supportive communities during times of transition and beyond. We develop group experiences within and outside of TTN to create new and enriching relationships and networks.

We actively facilitate the pursuit of learning and discovery for personal growth, professional development, and increased knowledge.
